

The Ashland Schine's Theatre Organization has taken on the responsibility of restoring the historic Ashland Schine's theatre to its original condition as it was on opening day, March 27th, 1942.

The theatre will be returned to a single screen and stage venue to be used as it was intended many years ago. We are currently looking for folks that are willing to see the vision of this historic site restored and create a gateway to an exciting new downtown. Your generous donation can help make this dream a reality. Please help today for a tomorrow that Schines!

To become a part of history and to kick off our campaign, for a minimum donation of \$6 you can help support our mission. In doing so, you will receive a yearly renewable membership card. Send campaign donations with ticket stub below to:
